

Ontario Focused Flow-Through Share Resource Expenses (Individuals)

Complete this form if you are claiming an Ontario focused flow-through share tax credit on your Form ON479, Ontario Credits.

You must be a resident of Ontario on December 31 of the year to claim this credit.

Any credit claimed in a tax year will reduce the balance of your Cumulative Canadian Exploration Expense (CCEE) pool in the year following the credit claim. If the pool balance is negative after this deduction, the negative amount must be reported as income on line 13000 of your return.

If you are filing a paper return, **attach a copy of this form** to your return as well as the credit certification documents (Slip T101, Statement of Resource Expenses, or T5013, Statement of Partnership Income) you received from a mining exploration corporation that incurred qualifying expenses in Ontario.
