

Canada Pension Plan Contributions and Overpayment

The Canada Pension Plan (CPP) was amended to provide for the enhancement of pensions. The government of Quebec also adopted legislative amendments to enhance the Quebec Pension Plan (QPP) in a similar way as the federal plan. The enhancements are funded by additional enhanced contributions that began in January 2019.

The contributions consist of a base amount and an enhanced amount. As an employee, your employer will have already deducted the contributions from your salary and wages. As a self-employed individual, you will calculate your required contributions (if any) on this schedule including the base and the enhanced amounts.

For more information, see lines 22200, 22215, 30800, and 31000 of the Federal Income Tax and Benefit Guide.

Is this form for you?

Complete this schedule to calculate your required CPP contributions or overpayment for 2021 if you were a resident of a province or territory **other than Quebec** on December 31, 2021, and you have **no** earned income from the province of Quebec. **Attach** a copy of this schedule to your paper return.

Do **not** complete this schedule if **any** of your T4 slips show QPP contributions. **Instead**, complete Form RC381, Inter-provincial Calculation for CPP and QPP Contributions and Overpayments.

Which parts of this schedule do you need to complete?

Part 1 – Complete this part if you are electing to **stop** contributing to the CPP or you are **revoking** a prior election.

Part 2 – Complete this part to determine the number of months for the CPP contributions calculation.

Part 3 – Complete this part if you are reporting employment income.

Part 4 – Complete this part if you are reporting **only** self-employment income or other earnings you are electing to pay CPP contributions on.

Part 5 – Complete this part if you are reporting employment income **and** self-employment income or other earnings you are electing to pay CPP contributions on. (You must first complete Part 3.)

Part 1 – Election to stop contributing to the CPP or revocation of a prior election

You were considered a CPP working beneficiary and were required to make CPP contributions in 2021 if you met **all** of the following conditions:

- You were 60 to 70 years of age
- You received a CPP or QPP retirement pension
- You had employment and/or self-employment income

However, if you were **at least 65 years of age but under 70 years of age**, you can elect to stop paying CPP contributions.

Employment income

If you had employment income for 2021 and you elected in 2021 to stop paying CPP contributions or revoked in 2021 an election made in a previous year, you should have already completed and sent Form CPT30, Election to Stop Contributing to the Canada Pension Plan or Revocation of a Prior Election, to the Canada Revenue Agency (CRA) and your employer(s).

Self-employment income only

If you had **only** self-employment income for 2021 and are electing in 2021 to **stop** paying CPP contributions on your self-employment earnings, enter the month in 2021 you are choosing to start this election on line 50372 on the next page. The date **cannot** be earlier than the month you turn 65 years of age and are receiving a CPP or QPP retirement pension. For example, if you turn 65 in June, you can choose any month from June to December. If you choose the month of June, enter "06" on line 50372.

If, in 2021, you are **revoking** an election made in a previous year on contributions on self-employment earnings, enter the month in 2021 you are choosing to revoke this election on line 50374 on the next page. Your election remains valid until you revoke it or turn 70 years of age. If you start receiving employment income (other than employment income earned in Quebec) in a future year, you will need to complete Form CPT30 in that year for your election to remain valid.

Part 1 – Election to stop contributing to the CPP or revocation of a prior election (continued)**Employment and self-employment income**

If you had **both** employment income and self-employment income in 2021 and you wanted to elect to **stop** paying CPP contributions in 2021 or **revoke** in 2021 an election made in a previous year, you should have completed Form CPT30 in 2021. An election filed using Form CPT30 applies to all income from pensionable earnings, including self-employment earnings, as of the first day of the month after the date you gave this form to your employer.

If you completed and sent Form CPT30 when you became employed in 2021, but your intent was to elect in 2021 to stop paying CPP contributions or revoke an election made in a previous year on your self-employment income before you became employed, enter the month you want to stop contributing on line 50372.

If you want to revoke in 2021 an election made in a previous year, enter the month you want to resume contributing on line 50374.

If you did **not** complete and send Form CPT30 for 2021 when you became employed, you cannot elect to stop paying CPP contributions or revoke an election made in a previous year on your self-employment earnings for 2021 on this schedule.

Election or revocation

If you had self-employment income in 2021, an election or revocation that begins in 2021 must be filed **on or before June 15, 2023**, to be valid.

I elect to **stop** contributing to the Canada Pension Plan on my self-employment earnings on the first day of the month entered on line 50372.
