What’s new for 2016?

The Newfoundland and Labrador harmonized sales tax credit has been replaced by the Newfoundland and Labrador income supplement. This supplement is paid on a quarterly basis.

The income levels, most provincial non-refundable tax credits, and the Newfoundland and Labrador low-income tax reduction have changed.

As of July 1, 2016, the rate used to calculate the dividend tax credit for other than eligible dividends has decreased to 3.5%. The Newfoundland and Labrador overseas employment tax credit has been eliminated.

You may have to pay a temporary Newfoundland and Labrador deficit reduction levy based on your 2016 taxable income. Form NL428, Newfoundland and Labrador Tax and Credits, reflects these changes.

General information

Newfoundland and Labrador programs for low-income individuals and families

Newfoundland and Labrador income supplement

The Newfoundland and Labrador income supplement is a non-taxable amount paid to help low-income individuals and families. This supplement is combined with the quarterly federal GST/HST credit payment. For more information, including payment amounts, go to cra-arc.gc.ca/bnfts/rldp_rgrms/nl-eng.html.

You do not need to apply for the GST/HST credit or the Newfoundland and Labrador income supplement. When you file your income tax and benefit return, the Canada Revenue Agency (CRA) will determine your eligibility and tell you if you are entitled to receive the credit.

Newfoundland and Labrador seniors’ benefit

The Newfoundland and Labrador seniors’ benefit is a non-taxable amount based on the family net income for single seniors (65 years of age or older at any time in 2017) or married or common-law couples including at least one senior. This benefit is combined with the quarterly federal GST/HST credit payment. For more information, including payment amounts, go to cra.gc.ca/bnfts/rltd_prgrms/nl-eng.html.

You do not need to apply for the Newfoundland and Labrador seniors’ benefit. When you file your income tax and benefit return, the CRA will determine your eligibility and tell you if you are entitled to the benefit.

Newfoundland and Labrador child benefit (including the mother baby nutrition supplement)

The Newfoundland and Labrador child benefit (NLCB) is a non-taxable amount paid monthly to help low-income families with the cost of raising children under 18 years of age.

The mother baby nutrition supplement (MBNS) is an additional benefit paid to qualifying families who have children under one year of age.

For more information on the payment amounts, see Booklet T4114, Canada Child Benefits.

You do not need to apply separately to get the NLCB or the MBNS. We will use the information from your Canada child benefits application to determine your eligibility for the NLCB and the MBNS. Benefits are combined with the Canada child benefit into one monthly payment.

For more information about these programs, call the CRA at 1-800-959-8281.

File your return – To ensure timely delivery of your payments, you (and your spouse or common-law partner) need to file your 2016 income tax and benefit return(s) by April 30, 2017. We will automatically calculate the amount of any payments you are entitled to get under all of these programs based on information you give on your return(s).

These programs are fully funded by the Province of Newfoundland and Labrador.

Completing your Newfoundland and Labrador form

All the information you need to complete Form, NL428, Newfoundland and Labrador Tax and Credits, is included on the following pages.

You will find two copies of Form NL428 in this book. Complete one copy of the form and attach it to your tax return.

The terms spouse and common-law partner are defined in the General Income Tax and Benefit Guide.

You should calculate your federal tax first since many rules for calculating Newfoundland and Labrador tax are based on the federal Income Tax Act.

Complete Form NL428 if you were a resident of Newfoundland and Labrador at the end of the year.

If you had income from a business (including income you received as a limited or non-active partner) and the business has a permanent establishment outside Newfoundland and Labrador, complete Form T2203, Provincial and Territorial Taxes for 2016 – Multiple Jurisdictions, instead of completing Form NL428.

You also need to complete Form NL428 if you were a non-resident of Canada in 2016 and you earned income from employment in Newfoundland and Labrador, or received income from a business with a permanent establishment only in Newfoundland and Labrador.

The term end of the year means December 31, 2016, the date you left Canada if you emigrated in 2016, or the date of death for a person who died in 2016.

Transferring and carrying forward amounts

You may not need all of your 2016 tuition and education amounts to reduce your provincial income tax to zero. In this case, you can transfer all or some of the unused part to one person, either your spouse or common-law partner (who would claim it on line 5864) or your or your spouse’s or common-law partner’s parent or grandparent (who would claim it on line 5860).

You can only transfer an amount to your or your spouse’s or common-law partner’s parent or grandparent if your spouse or common-law partner does not claim an amount for you on line 5812 or 5864.

To designate who can claim the transferred amount and to specify the provincial amount this person can claim, complete the “Transfer/Carryforward of unused amount” section of Schedule NL(S11), as well as the related form:

- T2202A, Tuition, Education, and Textbook Amounts Certificate;
- TL11B, Tuition, Education, and Textbook Amounts Certificate – Flying School or Club; or

The transferred amount may be different from the amount calculated for the same person on your federal Schedule 11. Enter the provincial amount you are transferring on line 20 of your Schedule NL(S11).

**Tax Tip**

If you are transferring an amount to a designated individual, only transfer the amount this person can use. That way, you can carry forward as much as possible to use in a future year.

Complete the “Transfer/Carryforward of unused amount” section of Schedule NL(S11) to calculate the amount you can carry forward to a future year. This amount corresponds to the part of your tuition and education amounts you do not need to use (and do not transfer) for the year.

**Line 5860 – Tuition and education amounts transferred from a child**

You can claim these amounts if the rules are met for claiming an amount on line 324 of federal Schedule 1.

**Notes**

The student must have entered this amount on line 20 of his or her Schedule NL(S11). He or she may have chosen to transfer an amount that is less than the available provincial amount. The student cannot transfer to you any unused tuition and education amounts carried forward from a previous year.

If you and the student were residents of different provinces or territories on December 31, 2016, special rules may apply. Contact the Canada Revenue Agency to determine the amount you can claim on line 5860.

Other rules may apply if the student has a spouse or a common-law partner. Read line 324 in the General Income Tax and Benefit Guide.

**Supporting documents** – If you are filing electronically or filing a paper return, do not send any documents. Keep all your documents in case we ask to see them later. The student must attach Schedule NL(S11) to his or her paper return.

The medical expenses you can claim on line 5868 are the same as those you can claim on line 330 of your federal Schedule 1. They need to cover the same 12-month period ending in 2016, and no one claimed them on a 2015 return. However, your total expenses need to be more than either 3% of your net income (line 236 of your return) or $1,917, whichever is less.

**Note**

If you are preparing a return for a resident of Newfoundland and Labrador who died in 2016, the tax reduction can be claimed on the deceased person’s final return.
