 - Section 2 – Calculation for most provinces and territories
 - Section 3 – Calculation for Ontario
 - Section 4 – Calculation for Manitoba
 - Section 5 – Calculation for Alberta
 - Section 6 – Total capital gains refund for 2021
- If the trust earned income in more than one province or territory:
 - In Section 2, use a worksheet to make a separate calculation for each province or territory. The amount you enter on line 1 of Section 2 for each province or territory is the amount from line 22 of Section 1, multiplied by the proportion of the trust's total income for the year, which was earned in that province or territory. After you complete all the calculations, enter the total provincial and territorial refund on line 3. Attach your worksheet to this form.
 - For Ontario, Manitoba, and Alberta, complete Section 3, 4, or 5, as applicable. Multiply the amounts of taxable income for the year, the taxed capital gains for the year, and the capital gains redemptions by the proportion of the trust's income earned in the province for the year.
- If you are a specified investment flow-through trust, go to canada.ca/cra-sift-trust.
