* If you have a negative amount in column 6, add it to income as a recapture in Part 3 on line 9600. If no property is left in the class and there is a positive amount in the column, deduct the amount from income as a terminal loss in Part 4 on line 9790. Recapture and terminal loss do not apply to a Class 10.1 property. For more information, read Chapter 3 of Guide T4002.

** For information on CCA for "Calculating business-use-of-home expenses," see "Special situations" in Chapter 4 of Guide T4002. To help you calculate the CCA, see the calculation charts in Areas B to F.

Note 1: Columns 4, 7 and 8 apply only to accelerated investment incentive properties (AIIPs) (see Regulation 1104(4) of the federal Income Tax Regulations for the definition), zero-emission vehicles (ZEVs), zero-emission passenger vehicles (ZEPVs) and other eligible zero-emission automotive equipment and vehicles that become available for use in the year. In this chart, ZEV represents zero-emission vehicles, zero-emission passenger vehicles and other eligible zero-emission automotive equipment and vehicles. An AIIP is a property (other than ZEV) that you acquired after November 20, 2018, and became available for use before 2028. A ZEV is a motor vehicle included in Class 54 or 55 that you acquired after March 18, 2019, and became available for use before 2028, or eligible zero-emission automotive equipment and vehicles included in Class 56 acquired after March 1, 2020, and that became available for use before 2028. For more information, see Guide T4002.

Note 2: The proceeds of disposition of a ZEPV that has been included in Class 54 and that is subject to the \$55,000 capital cost limit will be adjusted based on a factor equal to the capital cost limit of \$55,000 as a proportion of the actual cost of the vehicle. For dispositions after July 29, 2019, you will have to adjust the actual cost of the vehicle for any payments or repayments of government assistance that you may have received or repaid in respect of the vehicle. For more information on proceeds of disposition, read "Class 54 (30%)" in Guide T4002.

Note 3: The relevant factors for properties available for use before 2024 are 2 1/3 (Classes 43.1, 54 and 56), 1 1/2 (Class 55), 1 (Classes 43.2 and 53), 0 (Classes 12, 13, 14 and 15) and 1/2 for the remaining AIIPs.

For more information on AIIPs, see Guide T4002 or go to canada.ca/taxes-accelerated-investment-income.
