

Election for Gains on Shares of a Corporation Becoming Public

- This form is for use by individuals who own capital property that is a share of a class of the capital stock of a corporation that is a small business corporation at that time to elect under section 48.1 when the corporation ceases to be a small business corporation because its or another corporation's class of shares is listed on a designated stock exchange.
- This election is to ensure that owners of qualified small business corporation shares do not lose their entitlement to the capital gains deduction for gains accrued, but not realized, on their shares before the corporation ceases to be a small business corporation as indicated above. By specifying any amount from the adjusted cost base up to the fair market value of the shares as proceeds of disposition, the owner can control the amount of taxable capital gain that will be brought into income for the elected disposition, and match that gain to the availability of the capital gains deduction. The shares are then considered as having been immediately reacquired at a capital cost equal to the elected proceeds of disposition.
- The capital gains deduction amount increased from \$750,000 to \$800,000 effective January 1, 2014, and will be indexed after 2014.
- The elected disposition does not apply for the purposes of sections 7 and 35, paragraph 110(1)(d.1) and subsections 120.4(4) and (5).
- Mail one completed copy of this election, separately from any other return, to the tax centre on or before the individual's filing-due date for the individual's tax year in which the corporation ceases to be a small business corporation. Find your tax centre's address by going to www.cra-arc.gc.ca/tso.
- Make cheque or money order payable to the **Receiver General**. Specify **T2101** on the remittance and indicate the tax year, name, and social insurance number (or trust account number) of the taxpayer whose account is to be credited.
- All legislative references are to the federal *Income Tax Act*.
