Information required for LSVCC's registered under Part X.3

Each LSVCC that is registered under Part X.3 has to comply with the requirements of subsections 204.81(1) and (6), and has to give all the information requested on this form. Revoked corporations also need to complete this form.

Complete this form and file it with a schedule of eligible investments and reserves and schedules 1 and 2 (if applicable), and your provincial or territorial notice of assessment (if applicable) within six months after the end of the LSVCC's tax year. File this form, separately from any other return, at the tax centre where the LSVCC usually files its corporation income tax return.

Investment requirements

At any time that is both in the **start-up period*** of a corporation that was registered under Part X.3 and before its venture capital business is first discontinued, the LSVCC has to invest at least 80% of the consideration received for Class A shares in eligible investments or reserves less returns of capital. The LSVCC has to pay a tax under subsection 204.82(1) if it fails to meet these requirements.

Starting with the first tax year that begins after the end of the start-up period (or, if the corporation has no start-up period, the tax year that begins after the time the corporation first issues a Class A share) or, where a corporation has been formed by an amalgamation or merger as contemplated by subsection 204.85(3), starting with the first taxation year of the new corporation, and in respect of each month ending before its venture capital business is first discontinued, without taking into account any unrealized gains or losses on the corporation's eligible investments throughout each tax year, the LSVCC has to invest at least 60% of whichever is less: the shareholder's equity at the end of the previous tax year; **or** the shareholder's equity at the end of the current year.

* The **start-up period** is:

- if the corporation first issued Class A shares before February 17, 1999, the tax year in which it first issued those Class A shares and the four following tax years
- if the corporation first issued Class A shares after February 16, 1999, the tax year in which it first issued Class A shares and the next year
- or where the corporation completes the election in Section A on page 4 for a tax year that is included in a period described above and that ends after 1998, the start-up period **will not include** the year the election was made and all tax years after

Notes

Eligible investments

Subsection 204.8(1) defines the terms **eligible investment** and **eligible business entity**. Attach a schedule showing the following information for **each** investment:

- the name and address of the eligible business entity and, if that entity is a partnership, the name and address of the partner authorized to file the partnership information return
- the type of investment: share, bond, debenture, mortgage, note, or other debt obligation, guarantee or option or right to acquire a share
- the date of investment and the amount invested
- the total assets and the net assets, the number of employees of the eligible business entity and all corporations related to it who usually work at least 20 hours a week, and the number of employees who work less than 20 hours a week, just before the investment date
- if the investment is in **shares** of the capital stock of a corporation that was an eligible business entity at the time the share was issued:
 - the number of shares
 - a description of the shares including their par value, if any, and any voting or other rights or privileges of those shares (e.g., 100 voting common shares without par value, or 500 cumulative, non-voting, 8% preference shares with a par value of \$100 each, redeemable at par)
- if the investment is a **debt obligation** of an eligible business entity, the type of debt obligation (e.g., bond, debenture, note, or similar obligation), the principal amount, interest rate, repayment terms, due date, and any other terms, rights, or conditions attached to the investment (include a description and the value of any security that the eligible business entity pledged as collateral, such as land, buildings, and inventory)
- if the investment is a **guarantee**, paragraph 204.81(6)(j) requires the LSVCC to maintain a reserve invested in any of the properties described in 2a) to 2f) on page 2 equal to the cost of the guarantee (subsection 204.81(4) deems the cost to be equal to 25% of the amount of the LSVCC's obligation under the guarantee). Give details of any guarantee and the reserve kept for it
- if the investment is an **option or a right to acquire a share of capital stock**, the number of shares, a description of the shares including their par value, if any, and any voting or other rights or privileges of those shares if those shares were issued at the time that the option or right was granted

Reserves

Subsection 204.8(1) defines the term reserve. Reserves are any property described in any of paragraphs (a), (b), (c), (f), and (g) in the definition of **qualified investment** in section 204, as well as deposits with certain credit unions.

Section A

Calculating tax under subsection 204.82(1)

Complete this section if, at any time that is both in the LSVCC's start-up period and before its venture capital business is first discontinued, the total cost of its eligible investments, less the returns of capital, and reserves is **less** than 80% of the net consideration it received for Class A shares. Provide the information below for the **time** in the tax year **when the excess is the greatest**.

Total consideration received for all Class A shares before the time noted above	\$	1
All amounts paid to shareholders as a return of capital on Class A shares before the time noted above	\$	2
Net consideration (line 1 minus line 2)	\$	3
80% of amount on line 3 above.....	\$	4
Reduction:		
Total cost of eligible investments at the time noted above	\$	5
Total cost of reserves at the time noted above	\$	6
Total reduction (line 5 plus line 6)	\$	7
Greatest excess during the tax year (line 4 minus line 7)	\$	8
20% of amount on line 8 above.....	\$	9
All taxes payable under subsection 204.82(1) for previous tax years.....	\$	10
Tax payable (line 9 minus line 10; if negative, enter "0").....	\$	11
Transfer the amount from line 11 to line 101 on page 1.
