

## T3 Provincial or Territorial Foreign Tax Credit

Use this form to calculate the **non-business** foreign tax credit for 2019 that the trust can deduct from the income tax payable to the province or territory it resided in at the end of the tax year.

This form does not apply to residents of Quebec. If the trust is a resident of Manitoba and subject to minimum tax, it cannot claim a provincial foreign tax credit.

Before you complete this form, calculate the trust's federal foreign tax credit by using Form T3 FFT, T3 Federal Foreign Tax Credits. If the amount of the federal non-business foreign tax credit the trust is entitled to deduct is equal to the foreign non-business tax the trust paid, the provincial or territorial foreign tax credit would be zero. As a result, you do not have to complete this form.

**Attach a completed copy of this form to the trust's return.** If the trust paid foreign non-business income taxes to more than one foreign country, calculate the trust's credit for each country on a separate sheet and send a copy with the trust's return. Add the totals to line 5 of Form T3 PFT. If the trust has paid no foreign business income tax and foreign non-business income tax of \$200 or less, no separate calculations are necessary. Only submit one Form T3 PFT.

If the trust has to pay tax to more than one province or territory, enter the amount from line 5 on the applicable line in Part 3 of Form T3MJ, T3 Provincial and Territorial Taxes for 2019 – Multiple Jurisdictions, only for the province or territory the trust resided in on the last day of the tax year.

**\* Net foreign non-business income**

Enter the amount reported as net foreign non-business income in the calculation of line 2 on Form T3 FFT.

**\*\* Net income**

Enter the amount reported as net income in the calculation of line 2 on Form T3 FFT.

If the trust was a resident of Canada for part of the year, include the income for the part of the year it was a resident of Canada plus any income and losses referred to in paragraphs 115(1)(a) to (c) of the federal Income Tax Act as reported on the trust's Canadian return, for the part of the year the trust was not a resident of Canada.

If the trust paid tax to more than one province or territory in 2019, calculate this amount according to note (c) of Form T3 FFT, using the amount allocated to the trust's province or territory of residence in column 4, Part 1 of Form T3MJ **instead of** line 50 of the trust's return in that note.

**\*\*\* Provincial or territorial tax otherwise payable**

If the trust was a resident of a province or territory other than **Ontario, Alberta, or British Columbia**, enter the amount of tax calculated **before** determining the provincial or territorial foreign tax credit from the appropriate T3 provincial or territorial form or, if the trust has to pay tax to more than one province or territory, from the applicable section of part 3 of Form T3MJ for the province or territory in which the trust resided at the end of the tax year.

If the trust was a resident of **Ontario**, enter the amount from line 27 of the T3ON Form. If the trust paid tax to more than one province or territory in 2019, enter amount from line 27 in Section T3ONMJ in Part 3 of Form T3MJ.

If the trust was a resident of **Alberta**, calculate the trust's "provincial or territorial tax otherwise payable" by adding the amounts from lines 17 and 18 to the amount from line 23 of the T3AB Form or by adding the amounts from lines 17 and 18 to the amount from line 29 in Section T3ABMJ of Form T3MJ.

If the trust was a resident of **British Columbia**, enter the amount from line 21 of the T3BC Form. If the trust paid tax to more than one province or territory in 2019, the trust's "provincial or territorial tax otherwise payable" is the amount from line 29 of Section T3BCMJ of Form T3MJ minus the amount, if any, of British Columbia additional tax for minimum tax purposes from line 22 of Section T3BCMJ of Form T3MJ.

**Note**

If the trust was a resident of a province or territory, other than British Columbia, Manitoba and Ontario, and is subject to minimum tax for 2019, enter on line 2 the part of the special foreign tax credit (line 39 of Schedule 12, Minimum Tax) that relates to non-business income taxes the trust paid to a foreign country for 2019.

**If the trust was a resident of Ontario and is subject to minimum tax for 2019:**

- (1) if the total non-business income taxes paid by the trust to all foreign countries is \$200 or less, calculate the ratio of the amount from line 34A of Schedule 12, Minimum Tax over the sum of line 34A and line 35 of the Schedule, and enter the product of this ratio and the special foreign tax credit (line 39 of Schedule 12, Minimum Tax) on line 2: otherwise
- (2) for each country, calculate the ratio of the amount from line 1 for that country over the trust's total foreign taxes for 2019 (the sum of line 34A and line 35 of Schedule 12, Minimum Tax) and enter the product of this ratio and the special foreign tax credit (line 39 of Schedule 12, Minimum Tax) on line 2 of the sheet for that country.
